Presidents Report: None

SECRETARY REPORT: None

TREASURER REPORT: None, she is not her. Roughly, \$3000

COMMITTEE REPORTS:

Responsible Growth/Envision PC: Kelly Lindblom: Sent out the mailer. Hit three birds with one stone; Chamber Membership push, the Envision, and the Christmas Event. We have three workshops left. Workshops are to get people involved with how we want Palo Cedro to become. Workshops are for brainstorming ideas of what "our" the community's views are on this. We've had roughly 60 people come so far. Mainly residences very few business or land developers. We need. Met with Paul and Adam from the Resource Management for Shasta County as a "kick-off" meeting to try to make a Design View District. Kelly asked them what a Design View District does for us. It helps with sign height and the way a building looks like. For example it can limit what a McDonald's Sign looks like but it wont keep someone out of PC like a McDonalds Fast Food Restaurant. SO is this the best direction to go???

Challenges to solve: The Community Residents; People want change over time with a thriving downtown.

Shasta County Officials: What do they want? Are we complying w/state law? House needs? And are they being fair. Mary Rickert is our point of contact. They will not look our way unless we start looking for money.

Downtown PC Landowner: They are not coming other than Steve Woods. So Kelly is going to go out and hit them personally. They need to be met and asked them what they want and what we can do for them.

Shasta County Planners: Resource Management Planners; Paul Hillman. They see the code and say what it is going to be. They are living within a Black/White Box. Only one that can push these guys around is the SOB.

We are trying to be the middleman between the SCRM and the Residences.

Meeting with Shasta Regional Community Foundation to try in getting grants for future projects. And if not money but possible future connections.

Event: Christmas Event doing well. Meeting tomorrow night 6:30pm PC Crossfit. Halloween Event is a go. Joey and Kelly Landry are getting posters out this week.

Internet: Jason will be meeting with some of his contacts pushing forward with building piece by piece.

Membership: On-line membership is

OLD BUSINESS: NONE

NEW BUSINESS: PC Volunteer Fire Dept. Taco feed is having their fundraiser Nov. 2nd, 2019, pass the word.
