

Hello Neighbors!

We are truly honored to be part of the Palo Cedro community. As local team members we take great pride in knowing that we are able to bring forth peace of mind by providing our clients top quality security systems with excellent customer service as our number one goal. Beacon appreciates all the support we have received from our customers and are excited for the opportunity to keep proving that we are your best choice for all your security system needs. You will love the friendly local service we provide that we believe is a dying concept in the alarm industry.

Please give us a call give if you are interested in receiving a free estimate for residential or commercial security alarms, cameras, access control, smart home, or fire alarm systems. Our office also welcomes walk ins, as we are located in the heart of Palo Cedro across from the Palo Cedro Shopping Center. If you already have a security system, reach out to the Beacon team and ask how we can better serve your security system needs, and probably save you some money at the same time!

Beacon is made up of 100% local team members that are committed to keeping their community safe. Help our young business continue to thrive by going local for your security system needs. Thank you and we cannot wait to meet you!
